Convenient Payment Options

Online Account

Make payments, report outages and enroll in Auto Pay and Paperless Billing at www.unitedpower.com.

Mobile App

Download the free United Power mobile app to make payments and report outages on the go.

Pay by Phone

Call 866-999-4485 to check account status and pay with a check or credit card (no fees) 24 hours a day.

Payment Kiosk

Walk up and pay with cash, check or card. Locations and hours at www.unitedpower.com/payments.

Other Ways to Pay

Auto Pay

Have your bill automatically paid on your due date from the payment method of your choice.

Paperless Billing

Go paper-free. Receive an email notification, not a statement in the mail. View and pay bills online.

Pay As You Go - Prepaid Billing

Avoid deposits and late fees when you prepay for electricity. You choose how much and when to pay.

Pay Now

No login or password? No problem. Make a quick payment on our website by check or credit card.

MoneyGram

Make cash payments that post immediately to your account at over 40,000 MoneyGram locations.

Budget Billing

Take the ups and downs out of your monthly budget and pay the same amount each month.

Custom Billing Period

Choose a billing timeframe that is most convenient for you, and your budget.

IT PAYS TO BE A MEMBER

WE'RE RETURNING \$4.5 MILLION TO MEMBERS

YOU OWN THE CO-OP, SO YOU GET THE CREDIT

Capital credits represent your ownership in United Power and are one of the most unique and rewarding benefits you enjoy as a member of an electric cooperative. Unlike investor-owned utilities that maximize profits to pay dividends to shareholders, not-for-profit electric co-ops provide our members with "at cost" electric service – we do not exist to earn a profit. Any margins remaining after covering our costs are returned to you as capital credits.

THIS REFUND REPRESENTS YOUR PORTION OF THE \$4.5 MILLION CAPITAL CREDIT RETIREMENT AUTHORIZED BY THE UNITED POWER BOARD OF DIRECTORS FOR 2023.

HOW MUCH IS MY REFUND?

Refund amounts are based on your length of membership with the co-op, and the amount of electricity used during the period retired. You will receive a portion of the \$4.5 million returned this year – the longer you are a member, the larger your refund grows.

For members receiving a retirement refund of \$50 or less, we credited that amount on your electric bill. You'll see a Capital Credit Refund line item showing your refund amount on your May or June billing statement. Members with retirement amounts more than \$50 will receive a check in the mail in early June.

IF YOU MOVE outside of the United Power service territory, please be sure to leave your new address with us so we can continue to refund any capital credits you are eligible to receive in the future.

IN THE EVENT OF DEATH, the capital credit account is available for estate retirement. The representative of the estate should contact United Power's capital credit administrator to settle the capital credit account.

PROBLEMS WITH YOUR REFUND? To resolve a capital credit account issue, visit our website at www.unitedpower.com/capital-credits, call our Member Services team at 303-637-1300, or e-mail CCAdmin@unitedpower.com.

For more information and frequently asked questions about capital credits, visit www.unitedpower.com/capital-credits.

www.unitedpower.com

YOU'RE A MEMBER WITH A VESTED INTEREST

When you started receiving electric service from United Power, you became a member-owner of an electric co-op. Cooperative members share in the ownership, construction, maintenance, and prosperity of their electric utility, and your investment is referred to as capital credits.

Capital credits represent the portion of your electric bill that is put to work helping to build and maintain the system that delivers power to your home – it's one of the most unique ways that cooperatives differ from investor-owned utilities.

As a not-for-profit cooperative, we use capital credits to help offset some costs and reduce our need for loans, but we must eventually return those dollars to the members who helped to make those improvements.

TRACKING YOUR CO-OP INVESTMENT

ALLOCATION

Every year you are "allocated" your portion of the previous year's profit (margin) based on the amount of electricity you used and paid for from United Power. This money is used by the cooperative to fund capital needs for items such as power line construction, transformers, trucks, inventory, and other equipment.

The allocation amount is a bookkeeping of your equity in the cooperative – an investment that will be returned to you in the future when the Board authorizes a retirement.

You can find the amount allocated to your account each year, based on the total amount of electricity you used and paid for in the prior year, in the special message section of your May or June billing statement.

RETIREMENT

Every year the Board of Directors assesses the cooperative's finances and determines if the co-op can make a retirement (refund). Retirements are calculated from earnings in prior years as far back as 2000. The total amount of money returned is divided among all the members, and you receive your capital credit refund.

For 2023, the Board has authorized a retirement of \$4.5 million to our members, and refunds are being issued to members beginning in May.

If the amount you received this year is \$50 or less, you will see it as a credit in the Current Billing Detail section of your May or June bill. If your retirement is more than \$50, you will receive a check in the mail in early June.

The refund you are receiving is your share of the \$4.5 million retirement for 2023 and represents a percentage of your total capital credit balance.

HOW CAPITAL CREDITS WORK

Here is how your cooperative membership pays you back:

When you move into a home or establish a business in the United Power service territory, you become a member of the cooperative.

A capital credit account is established in your name and United Power uses this account to record your investment in the co-op.

Each year, a portion of funds remaining after expenses have been paid (margins) is allocated to your capital credit account based on the amount of electricity you purchased.

Since capital credits are based on the amount of electricity you use, your allocation amount may vary each year. Your annual allocation amount appears on your May or June bill.

Each year, the Board of Directors carefully evaluates the financial condition of the co-op to determine if we can retire capital credits. Capital credits may not be retired every year.

When capital credits are not retired, they are used as operating capital. This reduces the need for interest-bearing loans, which helps to keep costs down for all members.

When the Board decides to retire capital credits, we calculate the amount we need to pay to each member. Anyone who was a member in the previous year will receive a capital credit refund.

WHEREAS, in the application for the permit, the Permittee has agreed with the Board to provide for reclamation of the Affected Lands that are now, or may become, subject to the permit, as required by law.

WHEREAS, the Contractor Ens	sero Solutions U.S. Inc.	of the
County of Arapahoe	in the State of	<u>Colorado</u> and
Atlantic Specialty Insurance Company (the	" Surety"), a corporation organi	zed and existing under the laws of the State
of New York	and duly authorized to to	ransact a bonding and surety business in the
State of Colorado are hereby and firmly	bound unto the State in the st	um of Four Hundred Thousand and
00/1000	Dollars (\$	400,000.00) to
complete the 2023 Scope of Work (SOW) d	iscussed in Exhibit A in the Mem	norandum of Understanding (MOU) attached
hereto as Attachment A, for the payment of	f which sum, well and truly made	e, we hereby bind ourselves and our personal
representatives, successors and assigns, join	ntly and severally, firmly by thes	se presents.

WHEREAS, the Board has determined, in accordance with the Act, that the estimated costs of completion of the SOW is the amount for the stated period of time as set forth herein and discussed in the MOU, Exhibit A, incorporated herein by reference.

WHEREAS, the Contractor and the Surety, in accordance with the Act, has promised and hereby promises the Board that it will be responsible for all the estimated cost and completion of the SOW.

WHEREAS, the Board has determined that this Financial Warranty by the Surety equals the estimated cost of the SOW, as approved by the Board, with regard to this operation.

NOW, THEREFORE, the Contractor and the Surety are held hereby firmly unto the State of Colorado in the amount of \$400,000.00 for those period of time as set forth herein and in the SOW, until this Financial Warranty is amended, reduced or released in accordance with applicable law.

The Operator, Contractor and/or the Surety shall notify the Board and Division of Reclamation Mining and Safety immediately of any event which may impair this Financial Warranty. If the Board or Division receives such notice, or otherwise has reason to believe that this Financial Warranty has been materially impaired, it may convene a hearing in accordance with the Act for the purpose of determining whether impairment has occurred.

The obligation of the Operator, Contractor and the Surety shall continue until the Board has released this Financial Warranty or has ordered it forfeited in accordance with applicable provisions of the Act. It is also recognized that, as tasks identified in the SOW are accomplished, the amount of this Financial Warranty may be reduced with the approval of the Board so that it reflects the then current estimated cost of the remaining work under the SOW. No revision, extension, or renewal of the permit, or of the time allowed to complete the SOW, shall diminish the Principal's or Surety's obligation under this Financial Warranty. No misrepresentation by the Principal which may have induced the Surety to execute this Financial Warranty shall be any defense to demand by the State under this agreement.

The amount of this Financial Warranty is based upon the Contractor's proposed SOW included as Exhibit A to the MOU, and does not operate to liquidate, limit, enlarge or restrict the Permittee's or Contractor's obligations to complete the SOW and to comply in all respects with the permit and with applicable laws and regulations.

The Mined Land Reclamation Board or the Office of Mined Land Reclamation may recover the necessary costs, including attorney's fees or fees incurred in foreclosing on or realizing the collateral used in the event this Financial Warranty is forfeited. The face amount of this Financial Warranty shall be increased by five hundred dollars (\$500.00) to cover these costs.

The Surety shall not be liable under this Financial Warranty for an amount greater than the \$400,000.00 sum designated herein.

The Surety reserves the right to cancel this Financial Warranty, effective only upon an anniversary date, and only by giving written notice to that effect, mailed by Certified Mail, at least ninety (90) days prior to such anniversary date, addressed to both the Permittee at its address herein stated, and to the Board at the address herein stated. In the event of such cancellation, this Financial Warranty shall nevertheless remain in full force and effect with respect to the tasks identified in the SOW.

In the event of such cancellation, if the Financial Warranty is not fully released, the amount of the continuing Financial Warranty available for the completion of the remaining tasks in the SOW at the date of cancellation shall be fixed by the Board at the amount it determines necessary to complete such remaining tasks in the SOW (which amount may not exceed the sum designated herein) and the Board shall concurrently identify such areas in writing, and notify the Surety and the Permittee thereof. Thereafter, the obligation of the Surety shall be limited to remaining tasks in the SOW.

The consideration for the Surety's execution of this agreement is the promise of the Contractor to pay the premiums, but failure by the Contractor to pay such premiums shall not invalidate or diminish the Surety's obligation hereunder.

The Board may make demand upon the Surety for payment hereunder if the Board determines that the SOW which ought to have been performed by the Permittee and/or the Contractor, or its successors or assigns, remains unperformed, and if Financial Warranty forfeiture procedures required by law have been initiated. No other condition precedent need be fulfilled to entitle the State to receive the amount so demanded. However, if, upon completion of the SOW by the State, the amounts expended for completion of the SOW shall be less than the amount received from the Surety, the excess shall be promptly refunded to the Surety.

If demand is made upon the Surety for payment of an amount due to the Board hereunder, and if the Surety fails to make payment of such amount within thirty (30) days after the date of receipt of such demand, or if it should thereafter be determined, by agreement of the Surety or by final judgment of court, that the amount demanded was properly payable, the Surety agrees to pay to the Board, in addition to the amount demanded, interest at the published Wall Street Journal Prime Rate for the period commencing at the end of such ninety-day period and ending on the date of actual payment.

If the Board shall notify the Surety that the Permittee and/or Contractor is in default, and if the Board shall initiate any Financial Warranty forfeiture procedures required by law or regulation, the Surety may, in lieu of making payment to the Board of the amount due hereunder, cause the SOW to be timely performed in accordance with all requirements of the Act and all applicable rules and regulations. In such event, when and if the SOW has been timely performed to the satisfaction of the Board or Division, this Financial Warranty shall be released. If the SOW shall not be so performed to the satisfaction of the Board or Division, this Financial Warranty shall remain in full force and effect.

This Financial Warranty shall be subject to forfeiture whenever the Board determines that any one or more of the following circumstances exist:

Page 3 of 6

- 1. A Cease and Desist Order entered pursuant to Section 34-32-124 of the Act has been violated, and the corrective action proposed in such Order has not been completed, although ample time to have done so has elapsed; or
- 2. The Permittee is in default under its Performance Warranty, and such default has not been cured, although written notice and ample time to cure such default has been given; or
- 3. The Permittee and/or the Surety has failed to maintain its Financial Warranty in good standing as required by the Act; or
- 4. The Surety no longer has the financial ability to carry out its obligations in accordance with the Act.

The description of lands herein is for convenience of reference only, and no error in such description, nor any revision of the permitted mining area, nor the disturbance by the Permittee or Contractor of lands outside of the permitted mining area shall alter or diminish the obligations of the Permittee, Contractor and/or Surety hereunder, which shall extend to all of the tasks identified in the SOW.

If this Financial Warranty applies to National Forest System lands, and if this Financial Warranty is accepted by the United States Forest Service ("U.S.F.S.") as the bond required under 36 C.F.R. 228.13, then the Permittee, having requested that the Board and the U.S.F.S. accept this single Financial Warranty in lieu of the separate bonds which would otherwise be required by applicable law, hereby agrees that, notwithstanding any other provision hereof, or of law, this Financial Warranty shall remain in full force and effect until U.S.F.S. has advised the Board by written notice that the Permittee's obligations to U.S.F.S., for which this Surety is executed, have been satisfied, and until the financial warranty has been released by the Board.

If this Financial Warranty applies to lands under the jurisdiction of the State Board of Land Commissioners ("Land Board"), and if this Financial Warranty, in whole or in part, is accepted by the Land Board as the bond required under its applicable law and procedures, then the Permittee, having requested that the State accept this Financial Warranty in lieu of the separate bonds which would otherwise be required by the Colorado Mined Land Reclamation Board or Division of Reclamation, Mining and Safety and by the Land Board, hereby agrees that, notwithstanding any other provision hereof, or of law, this Financial Warranty shall remain in full force and effect until the Board is notified in writing by the Land Board that the Permittee's obligations to the Land Board, for which this Surety is executed, have been satisfied, and until the financial warranty has been released by the Board.

If all or any part of the Affected Lands are under the jurisdiction of the Bureau of Land Management, United States Department of the Interior (the "BLM"), and if, at the request of the Permittee on this Financial Warranty, the BLM has, pursuant to 43 C.F.R. 3809.1-9, accepted this Financial Warranty in lieu of requiring a separate reclamation bond payable to the United States, then, notwithstanding any other provision of this Financial Warranty, or of law, the Permittee and Surety hereby agree that this Financial Warranty shall not be released until the Board is advised in writing by the BLM that the Permittee's obligations to the BLM, for which this Surety is executed, have been satisfied, and until the financial warranty has been released by the Board.

This Financial Warranty may be executed in multiple copies, each of which shall be treated as an original, but together they constitute only one agreement, the validity and interpretation of which shall be governed by the laws of the State of Colorado.

The provisions hereof shall bind and inure to the benefit of the parties hereto and their successors and assigns.
