RE: Trapper Mine (Permit No. C-1981-010) Technical Revision No. 134 (TR-134) Technical Revision TR-134: C Pit, I Pit East and J (HC# 67393)

Dear Ms. Reilley,

Thank you for your correspondence received by our office on July 6, 2023 regarding the review of the above referenced undertaking under Section 106 of the National Historic Preservation Act (NHPA) and its implementing regulations 36 CFR 800.

After review of the provided documentation, we concur that 5MF.5138.10 does not support the eligibility of 5MF.5138 for the National Register of Historic Places. Based on the documentation provided, we find that a finding of no adverse effect [36 CFR 800.5(d)(1)] to historic properties is appropriate for the subject undertaking.

Should unidentified archaeological resources be discovered in the course of the project, work must be interrupted until the resources have been evaluated in terms of the National Register eligibility criteria (36 CFR 60.4) in consultation with our office pursuant to 36 CFR 800.13. Also, should the consulted-upon scope of the work change, please contact our office for continued consultation under Section 106 of the NHPA.

We request being involved in the consultation process with the local government, which as stipulated in 36 CFR 800.3 is required to be notified of the undertaking, and with other consulting parties. Additional information provided by the local government or consulting parties might cause our office to re-evaluate our eligibility and potential effect findings. Please note that our compliance letter does not end the 30-day review period provided to other consulting parties.

Thank you for the opportunity to comment. If you have any questions, please contact Matthew Marques, Section 106 Compliance Manager, at (303) 866-4678, or [matthew.marques@state.co.us](mailto:matthew.marques@state.co.us).

Sincerely,

Dawn DiPrince  
State Historic Preservation Officer
