RE: Two Rivers Pit, M1998-038 Inspection Problems Response

Ms. Michels,

I have submitted a Technical Revision for Item 1 on the Inspection Report. The unknown substance referred to in Item 3 was discussed during the onsite visit and is an aggregate mixture that the Colorado Department of Transportation uses during the winter months. The boundary markers in Item 4 have been placed onsite. Please see the image below that shows four of the posts onsite in relation to a Google Earth image of the site.

Thank you,

Jodi Schreiber
