

All disturbed areas have been graded, topsoiled and seeded above the water table. All area has been released from the permit, except for the water surface and access to get to the water surface.

Property owner has not developed an augmentation plan with the water courts as detailed in the property lease. Owner also acknowledged his responsibility in a letter dated 01-25-2011, prior to Martin Marietta assuming responsibility of the permit.

Breach of Contract Notice was mailed 04-19-2021. Martin Marietta has filed a civil action in the United States District Court for the District of Colorado. Depositions have been completed. Case is tentatively set to go to trial in May 2024.
