To: Jodi Schreiber <jodi@arycorp.com>

Good morning,

Thank you for your follow-up responses. The inspection items #3 and #4 have been abated. Per our phone conversation, we will re-visit the remaining inspection items and their deadlines next week when we have more information about an upcoming amendment timeline.

Thank you,

Amber Michels

RE: Two Rivers M1998-038

Ms. Michels,

The aggregate in the site that you reference in Item #3 is used by the Colorado Department of Transportation in the winter months. Since Fremont Paving and Redi Mix does not use this material, I would ask that you request the usage information from CDOT. I believe it is for improving icy conditions on the road. As this material has worth, it would not be left during reclamation and instead would be sold and removed from the site prior to reclamation.

The boundary markers shown for Item #4 was only a representative sample of the markers that are onsite. This is a map of all photos of all the markers that are onsite. We can send a thumb drive showing all of these photos, or a follow-up inspection could be done to verify the information.

Thank you,

Jodi Schreiber
