Hi Amber,

I have attached the letter accepting the bond rider that increased the financial warranty for Fox #1 Clay Mine. This completes the requirements for TR-1 that was submitted for this mine, which in turn satisfies the required corrective actions stemming from the inspection conducted on March 28, 2023.

Please confirm that both the requirements of TR-1 and all required corrective actions for the inspection have been completed.

Thanks,

Julie Welte, PE

VP of Mining & Environmental

Summit Brick Company

Hi Amber,

My apologies, that should be TR-2 in my email below, not TR-1.

Thanks,

Julie Welte, PE

Good morning Julie,

Yes, both the corrective action from the inspection report, and the adequacy requirements from the TR-2 revision have been satisfied and the site is now in compliance.

Please let me know if you have any questions.

Thank you,

Amber Michels
