

# GLACIER PEAK MINING

## PROSPECT SITE LOCATIONS AND STATUS AS OF 6 August 2023

Sites are located on attached map according to number. All locations are 39° N and 105° W, Minutes, and fractions of Minutes. In August 2005, most sites were incorporated into planned excavation sites approved for mining under Colorado State Reclamation Permit M-2003-030. This is indicated in the status column by “superseded”. Those that were opened and reclaimed either under mining permit M-2003-030 or prospecting permit P-2003-014 are listed as reclaimed with the year given. This data has also been incorporated in previous years’ mining reports.

I-002 is added for reclamation for 2024. This is an illegal dig discovered in 2023  
A second illegal dig on Qui-Buc No. 4 was refilled and reclaimed

Ten sites which are highlighted in green are pending for this prospecting permit. All pending sites have been field checked.  
A reclamation bond for \$2,000 remains in effect for this permit
