**Full/Final Release**

Dear Brooke Bell:

On August 7, 2023 the Division of Reclamation, Mining and Safety concluded its review of the Surety Release Request application submitted to the Division on July 28, 2023, addressing the following:

Full release of East, West and Central reclamation areas.

The decision reached by the Division is: Approve.

I am pleased to inform you that the Division of Reclamation Mining and Safety elected to release City of Aurora from further responsibility for the Superior S&G Pit. This site is released in its entirety. You should advise the issuer of your bond of this release by copy of this letter. In accordance with Rule 4.17.2(5), the Division is required to wait thirty (30) days from this notice to allow for appeal of the Division's decision. Once this period closes, if no appeal is submitted the Division will issue the final decision on the release request in writing and the Performance Warranty and Financial Warrant(ies) on file will be returned in separate correspondence from the Division.

The Mined Land Reclamation Board and the Division staff wish to commend City of Aurora for your reclamation efforts and the resulting success.
