Hi Amber,

Attached are the photos from the completed work of Tamarisk removal at Pott Pit #2.

The erosion gullies repairs are close to being complete and photo documentation will come next week.

Kirkland is requesting an extension date of August 18th, 2023 for the documented photos of the erosion gullies.

Please see attached cover letter.

**Subject: Extension Request and Documentation for Removed Tamarisks
Potts Pit #2 – Permit M-2006-013**

Dear Ms. Michels:

Eastern Colorado Aggregates, RLLLP (Eastern), is requesting an extension to the corrective action due dates for the items listed in your Potts Pit #2 inspection report dated January 26, 2023.

1. Cited problem #3 - Erosion gullies and ruts were observed on-site. This is a problem at this time for failure to protect the affected land from erosion pursuant to C.R.S. 34-32.5-116(4)(j).
 - The improvements to erosion gullies is almost complete and awaiting photo documentation of the completed work.
 - Eastern is requesting a corrective action date of August 18th, 2023.

The photos below show the removal of the Tamarisks at the Potts Pit #2 site. Please let us know if you need any additional information.

Thank you for your time in this matter,

Sincerely,
Telesto Solutions, Inc.
