RE: Meeker Pit, Permit No. M-1976-038, Decision Due Date Extension Request Approval

Dear Ms. Conrado:

On September 6, 2023 the Division of Reclamation Mining and Safety (Division) received your request to extend the decision due date. Additional time is needed to respond to Adequacy Review #1. The Division is approving the extension request. The decision due date for amendment application (AM-2) of M-1976-038 has been set for **October 15, 2023**

Please submit responses to adequacy review #1 as soon as possible in order to allow the Division sufficient time for review. If any adequacy issues remain by the decision due date the Division may deny your request.

If you require additional information, or have questions or concerns, please feel free to contact me.

Sincerely,

Amy Yeldell
Environmental Protection Specialist
