Re: Notice of Filing Application for Reclamation Permit with Colorado
Division of Reclamation, Mining and Safety (DRMS)

Board of Supervisors,

This notice is to inform you that MineWater LLC is filing for a Reclamation Permit from the DRMS. The site is located five miles west of the Town of Alma on South Mosquito Creek. The proposed operation will involve the removal of existing mining waste rock, to reduce mineral/metal loading into the water; there will be no new excavation.

Enclosed herewith is a copy of the application form for the permit. The full packet of all application materials may be viewed at the Park County Clerk and Recorder's Office.

Thank you.

A handwritten signature in cursive script that reads 'Joseph Harrington'.

Joseph Harrington
President, MineWater LLC

MineWater LLC

September 5th, 2023

Affidavit of posting and Park County Clerk and Recorder

This affidavit is to confirm that on September 5thth, 2023 MineWater LLC did deliver and post the updated Amendment and Exhibits for public view and the Park County Clerk and Recorder. The unrevised Exhibits were removed so there would not be confusion between the documents.

When we asked the Deputy Clerk Jeanie Campbell for a Proof of reposting she said she could not give us that as we were not re registering the document. In lieu of this proof she gave us her card and said DRMS or anyone else could contact her at any time to verify that the updated Exhibits were indeed placed for Public View.

Signature of MineWater LLC/London Mine Rep
