6S Pit No 1
2023 Annual Report

Notes:

(13) The operator continued to remove stockpiled material from previous years mining. Mining may resume this year by continuing to deepen the disturbed area and temporary sloping will continue if needed. The northern slope will continue to develop as mining progresses.

(14) Weed control was done this year on the disturbed area. The Huerfano Weed Control, LLC treated the mine area on July 24, 2023. "Opensight" was used at a rate of 2.0 oz per acre on the mine where needed.

(19) The bond is adequate to complete reclamation according to the May 17, 2023 inspection report.
