**Re: No Additional Comments, Water Quality Monitoring Plan,
Windy Hill Water Operations LLC, Pilot Project, Permit No. M-2023-024**

Dear Ms. Porter,

The Division of Reclamation, Mining and Safety (DRMS/Division) has completed its review of your responses (dated August 22, 2023) to our August 8, 2023 adequacy review letter for the Windy Hill Pilot Project.

The Division accepts the Water Quality Monitoring Plan for surface water and groundwater at the site and has no additional comments.

Please note the Division does not guarantee that other technical or unforeseen items may arise that require revision to the plans or additional sampling.

If you need additional information or have any questions, please contact me by telephone at **303-866-3567 x8114**, or by email at patrick.lennberg@state.co.us.

Sincerely,

Patrick Lennberg
Environmental Protection Specialist
