Amy,

Your email covers everything that is presently underway.

Please extend the completion date for RN- 8 until November 15, 2023. This is for Permit C1981022 Elk Creek and Sanborn Creek Mines.

We'll wait to hear about the SL-8 Inspection.

Jeff Thompson sent an email acceptance letter for the Terror Creek Bond increase this afternoon. So, we are making progress there as well. I would say completion of MR-33 for Terror Creek, Permit C1983059, is the highest priority at this time.

Our thoughts are with Leigh in his travels.

Sincerely,

Doug Smith
