Good morning,

I spoke with Jared, and we agree that as long as Martin Marietta can demonstrate how the pit will be mined and reclaimed in accordance with the approved mining and reclamation plans, and post-mine land use, we're comfortable with a Technical Revision as the corrective action.

Also, if you want to continue this to November's MLRB hearing instead of October, we need a formal request to do so, in writing, by tomorrow afternoon.

I'll work on updating the cost calculations today, and I will get you the new estimate.

Let me know if you have any questions.

Thank you,

Amber Michels

Amber,

Thank you for this update. Please find attached a request to continue this matter to the November Board meeting.

Regards, Phil

RE: Rich Pit, M-1985-218, Notice of Board Hearing

Dear Ms. Michels,

In follow up to our discussion with you and Mr. Ebert, Martin Marietta would like to request a continuance of the hearing for Rich Pit to the November Board Meeting of the Mined Land Reclamation Board.

This will allow more time to continue working with DRMS staff on this matter.

Should you have additional questions please contact me at 720-612-6232 or phillip.courtney@martinmarietta.com.

Sincerely,

A handwritten signature in black ink, appearing to read "Phillip J. Courtney", written over a light blue horizontal line.
