Hi Bobby,

I can open it. I will send it out to our Engineering Task Force for review.

Amy,

Here is a Dropbox link to the report. Please let me know if you have any issues accessing it.

Subject: Re: Email Follow Up

Hi Boby,

Per Susan- - they can either reduce the file size (if they haven't already, 25MB max) so it can be emailed, share a link with us to download it, or we can share a Google folder with them to upload it.

If you guys already have a DropBox set up with this file in it just share the link .Otherwise we use Google and I'll create a folder, share it and you can paste the file there.

Amy,

What is the best way to share large files with you? We can create a Dropbox or OneDrive link to the file for you to access it. If DRMS has a preferred method or a dedicated file sharing program, we can make that work too.

Bobby

Hi Bobby,

I did not receive an email with the report yesterday. My guess is it bounced back.

Amy,

I wanted to follow up on the geotech report email I sent yesterday. The attached file was 23MB, and I know sometimes that file size can be too large for inboxes. Could you please let me know if you received it? Thank you.

Bobby
