Re: Notice of Entering into Final Reclamation work at Crystal Hill M-2014-027

Dear Mr. Jesse,

This letter is to serve as notice that we will be going into Final Reclamation at the Crystal Hill Mine M-2014-027 in Saguache County, Colorado. We have had very little activity there over the last four years and we do not intend to do any further work.

To further clarify, we have gone into the pit floor on September 21-24 and done final grading with a dozer. This final grading will put the pit back to its pre disturbance position and the DRMS accepted reclamation state prior to our permitting or mining activity.

We will be sending through the Request for Final Release soon. Please do not hesitate to ask should you have any questions at my personal phone 970-417-3311

Thank you for your assistance,

A handwritten signature in blue ink, appearing to read 'Jake Wilkinson', with a long horizontal flourish extending to the right.
