Thanks, Tim. Please have the DRMS retain the bond paperwork.

Take care,  
Neil

Kurt,

When we talked Friday about denying the subject permit SO, you asked if we could hang on to the bond paperwork until you can resubmit the SO application with the lease assignment from the State Land Board. I talked with our bonding specialist and she indicated we could do that as it is a surety rider to an existing bond.

However, since Neil Whitmer is the name for Holcim on the SO application, I need to confirm with him that Holcim is satisfied with the DRMS hanging onto the bond paperwork until you can resubmit the SO with the proper legal right to enter (SLB lease assignment).

An email from Neil indicating acceptance of the DRMS retaining the bond paperwork is fine. We don't need a formal letter.

Please let me know if you have any questions.
