**Re: Division Comment, Third (3rd) Quarter 2023 MLRB Report;
Cross Gold Mine, Permit No. M-1977-410**

Dear Mr. Takami,

On October 3, 2023, the Division of Reclamation, Mining and Safety (Division/DRMS) received your 3rd Quarter 2023 Quarterly Activity Report to the Mined Land Reclamation Board (MLRB/Board). After review of the submission the Division has the following comments.

1. On page 9, Section 3.2.1, last paragraph, it references that GIR is addressing DRMS comments as it pertains to Water Sampling and Testing under the Fourth Quarter TR-10 Report. At this time the Division is not waiting on any responses from the Operator regarding the quarterly groundwater and surface water monitoring reports.
2. On page 10, Section 3.2.3, last item in the list incorrectly identifies the document as being the Second Quarter 2023 Board Report. It is the third quarter report.
3. On page 11, Section 4.1, the fourth paragraph references Appendix A. No appendix was submitted with the report.
4. On page 12, Section 4.3, the first paragraph references Second Quarter of 2023. It appears this should be referencing the fourth quarter.

If you would like to revise the report to the Board please do so prior to noon of October 13, 2023.

If you have any questions or need further information, please contact me at (303) 866-3567 x8114, or by email at patrick.lennberg@state.co.us.

Sincerely,
