

Notes:

4. No mining has started at the site since we are still working on obtaining final Local Government approval thru El Paso County. Anticipated startup is some time in early 2024. The scale and scale house were installed in the SW corner of Stage 1 in 2022. That is why we listed November 1, 2022 as the startup date but there being on other activity since the scale was completed.

19. The Bond is currently \$138,200.00 . It was last evaluated in April 2021.
