Let's waive the 30-day decision. I think we can figure this out in the next couple months. I'm ready to file the forms to abandon if necessary, but want to make sure Adams County doesn't need them.

Hi Wyatt.

I appreciate the update. Do you want to waive the 30-day decision on this and keep the technical revision open until this gets resolved? You can also withdraw the application but it sounds like this won't take too long to figure out.

Let me know how you want to proceed on the revision.

Nikie

Nikie,

I'm not going to have this resolved by November 3rd, unfortunately. Adams County was not aware of the monitoring wells onsite because they were not disclosed by our legal team. They are fixing the issue and trying to figure out whether Adams County wants the wells to remain or not.

Thank you,

Hi Wyatt.

Please see the attached adequacy review letter for Tucson South Resource, Technical Revision 3. The Division is asking for clarification on your plans for wells 1-5 if we approve removing them from the monitoring plan.

Have a nice weekend,
