RE: Request for Technical Revision Submission Deadline Extension

Dear Mr. Means,

RMR Aggregates, Inc. would like to request an extension to the 60-day TR submission deadline outlined in the Stipulated Agreement from April 12, 2023. RMR Aggregates is requesting an extension of the deadline for 30 days from today's date to November 29, 2023. The primary purpose of the extension is to allow for adequate time to fully reply to the questions posed by the DRMS in their letter dated October 24, 2023, regarding our geotechnical report.

We appreciate your consideration of our request.

Sincerely,

Robert T. Wagner
