RE: Permit No. M-1982-121, Mid-Continent LST, Request for Technical Revision Submission Deadline Extension - Approval

Dear Mr. Wagner:

Per the April 12, 2023, Stipulated Agreement, RMR Aggregates is required to submit a Technical Revision within 60-days of completion of the Geotechnical Report (October 31, 2023). The Colorado Division of Reclamation Mining and Safety (Division) received and reviewed the provided Geotechnical Report. On October 24, 2023, the Division requested additional information from RMR Aggregates regarding the Report. Based on this request, RMR Aggregates requires additional time to fully address the questions posed by the Division. An extension request was received on October 30, 2023. The extension request is approved. The required Technical Revision is now due by **November 29, 2023**.

If you require additional information, or have questions or concerns, please feel free to contact me.

Sincerely,

Amy Yeldell
Environmental Protection Specialist
