**Re: Adequacy Review No. 4, Conversion Application (CN-1),  
Phillips Stone Company, Permit No. M-1981-075**

Mr. Vasquez:

On November 1, 2023, the Division of Reclamation, Mining and Safety (Division/DRMS) received your responses to items in the Division's Adequacy No. 3 letter dated October 3, 2023. After review of your responses the Division has identified additional items that need to be addressed.

**EXHIBIT C – Pre-Mining and Mining Plan Map(s) of Affected Lands (Rule 6.4.3):**

1. Please confirm the following acreages are correct. If they are not correct please provide the correct acreage amounts.

Permit Area = 25.42 acres

Affected Area = 25.42 acres

Maximum disturbance at any one time = 12 acres

2. Please provide the coordinates of the six corners that define the proposed permit boundary.

**EXHIBIT L – Reclamation Costs (Rule 6.4.12):**

3. The Reclamation Cost Estimate provide by the Operator/Permittee of \$21,600.00 has been accepted by the Division. This represents an increase in the required Financial Warranty of \$4,420.00 from the currently held amount of \$17,180.00. While the Division will recommend approval of CN-1 the revision will not become final until the outstanding financial warranty amount has been accepted by the Division. Please acknowledge the increase in the required financial warranty for the site.

**Other:**

4. Pursuant to Rule 1.6.2(2), please demonstrate that the Applicant's response to this adequacy letter (Adequacy #4) and the responses to Adequacy #3 have been placed with the application materials previously placed with the County Clerk or Records Office, and made available for public review.

**Please provide your responses as soon as you are able.**
