RE: Cedar Point Picture Rock Quarry, Permit No. M-2004-048, Surety Release (SL-1), Request for Concurrence

Dear Ms. Wade:

On October 18, 2023 the Division of Reclamation, Mining and Safety (Division) received a full and final release request for the entire permitted area of the above mentioned site. On the same day the Release Request was received, a joint inspection was conducted, and it was determined the Operator has successfully completed reclamation in accordance with the Act, Rules and Regulations and the approved Reclamation Plan. Per our memo of understanding, prior to rendering a decision on the release request written documentation of concurrence on completion of reclamation is needed.

Upon receiving concurrence, the request for full and final release will be approved, whereby terminating the above listed permit and ending all reclamation liability for the Operator. The currently held financial warranty will be returned to the Operator within the statutory deadlines. If you require additional information, or have questions or concerns, please feel free to contact me at the Division's Grand Junction Field Office, by phone at 303-866-3567 Ext. 8187 or by email at lucas.west@state.co.us.

Sincerely,

Lucas West
Environmental Protection Specialist
