RE: Technical Revision 2 Addendum 1 – Inouye Gravel Mine (Permit M-2018-037), Weld County, Colorado

Dear Mr. Scott:

BURNCO does not plan to mine in the Phase 2 (Waste Water Treatment Plant) area for the foreseeable future. As such, BURNCO proposes to utilize phased bonding at the site with Phase 2 being bonded at a future date. BURNCO will submit a Technical Revision to the DRMS to increase the bond prior to disturbance in the Phase 2 area.

We appreciate your review. Should you have any questions, please contact us.

Sincerely,

Chris Oestreich
