Re: Yoast Mine (Permit No. C1994082)
Review of September 2023 and quarterly Discharge Monitoring Reports

Dear Ms. Kawcak:

The Division has received and reviewed the 2023 quarter two Discharge Monitoring Reports (DMRs), for the Yoast Mine. The reports were received by the Division on 23 October 2023 as electronic submittals. The reports cover the time frame of July 2023 through September 2023 (Q3), for discharge monitoring as per the permit.

Yoast ponds sampled for DMRs comprise: Ponds 10, 11, 12, 13 and 14. Only Pond 12 discharged during the quarter. No exceedances were noted.

Seneca Properties submits the DMRs to the Division, in accordance with Rule 4.05.13(2)(a)(iii), specifically within 30 days of sampling. The report is in compliance with the applicable sections of the Rule.

The Division has no further comments at this time. If you have any questions or need additional information, please contact me.

Sincerely

Robin Reilley, M.S. GISP
