**Re: Loloff Mine - File No. M-1985-112; Loloff Construction, Inc.;
Surety Release Request (SL-4); Surety Release of DRMS Permit**

Dear Mr. Hodge:

On November 21, 2023 the Division of Reclamation, Mining and Safety concluded its review of the Surety Release Request application submitted to the Division on November 2, 2023, addressing the following:

Loloff Construction, Inc. has completed the reclamation for the mine and is requesting release of the current bond amount. The release would reduce the current bond amount from \$244,389.00 to \$0.00. This would also release the entire property and close out the mine permit.

The decision reached by the Division is: Approve.

I am pleased to inform you that the Division of Reclamation, Mining and Safety elected to release Loloff Construction, Inc. from further responsibility for the Loloff Mine. This site is released in its entirety. You should advise the issuer of your bond of this release by copy of this letter. In accordance with Rule 4.17.2(5), the Division is required to wait thirty days from this notice to allow for appeal of the Division's decision. Once this period closes, if no appeal is submitted, the Division will issue the final decision on the release request in writing, and the Performance Warranty and Financial Warranty on file will be returned in separate correspondence from the Division.

The Mined Land Reclamation Board and the Division staff wish to commend Loloff Construction, Inc. for your reclamation efforts and the resulting success.

If you have any questions, please contact me by telephone at (720) 601-2276, or by email at Rob.zuber@state.co.us.
