Good Afternoon Wyatt,

I am reviewing your response to DRMS's preliminary adequacy and am developing additional questions for you. Would you please be so kind as to request an extension of the decision date for the TR3 permitting action for the above referenced site. I am anticipating needing more detailed information regarding your mine plan (narrative), and your reclamation plan. (narrative). I am developing these questions for your consideration.

The current decision date is 20 November 2023.
