**Re: Bernhardt Sand and Gravel Pit, File No. M-2023-025,
112c Permit Application, Adequacy Review Related to Name Change**

Mr. Carpenter:

The Division of Reclamation, Mining and Safety recently approved SO-01 for the Bernhardt Sand and Gravel Pit, File No. M-2023-025. Because this permitting action changed the name of the permittee for M-2023-025 from IHC Scott, Inc. to W.W. Clyde & Co., additional revisions to permit exhibits are needed.

Please update all references in your exhibits (including the maps in Exhibits C and F) to reflect the name W.W. Clyde & Co.

Please address this issue along with the other issues in my adequacy letter of September 29, 2023. If you have any questions, please contact me at rob.zuber@state.co.us or (720) 601-2276.

Sincerely,

Robert D. Zuber
Environmental Protection Specialist
