*RE: Adequacy Review #2; Technical Revision (TR9); NCCI Pit #1 – File No. M-2001-107
Decision Date Extension Request*

Dear Ms. Ridley,

Northern Colorado Constructors, Inc. (NCCI) has received the Division's Adequacy Review letter dated October 31, 2023. We provided a response letter regarding the Adequacy Review #2 comments on November 17, 2023. Since that time the complaint that was filed was withdrawn on November 20, 2023.

To provide time for the Division to review our comment responses, with the holidays coming up and folks being out on leave/vacation, we would request to extend the decision date to January 8, 2023.

NCCI appreciates your consideration of this request.

Please feel free to contact me with any questions or comments.

Sincerely,

J.C. York, P.E.
J&T Consulting, Inc.
