RE: Rolling Hills Gravel Pit, File No. M-2023-040, Comments Regarding 112c Regular Construction Materials Application

Dear Mr. Azcarraga:

On December 11, 2023 the Division of Reclamation, Mining and Safety (Division) received comments regarding the above referenced application from the US. Army Corps of Engineers. The USACE has requested that you provide them with a copy of the location and site plan map in order to complete their review. The Department of the Army File Number for your request is SPA-2023-00586. Please add this document (attached) to your permit file records.

If you require additional information, or have questions or concerns, please feel free to contact me.

Sincerely,

Amy Yeldell
Environmental Protection Specialist

Ms. Yeldell,

Your request for project review and comments from the U.S. Army Corps of Engineers has been assigned to Ms. Ashley Emery in this office, whom I have copied on this email. The Department of the Army File Number for your request is SPA-2023-00586.

Ashley will perform an initial review of the materials you have submitted shortly and let you know if any additional information is needed to complete her review.

Note: We will need a copy and location and site plan maps provided by the applicant in order to complete our review. My very brief cursory search of submitted materials on the online site did not find these resources, though this might be user error. Can these be provided?

Respectfully

S. Brad Crosson
