December 8, 2023

Mr. Cunningham and Mr. Cazier,

Siete Inc. has resumed mining at the above-referenced site. A map of the site with the current mine area and direction is enclosed for your review. Siete anticipates mining consistently December through February, at a minimum, as long as weather permits.

If you have any questions or require more detailed information regarding the mining on this site, please feel free to contact Baxter Kirkland or myself.

Thank you,

Warm Regards,

Jodi Schreiber
