Hi Jodie,

Thank you for providing this information. The Division will withdraw the Notice of TC from the December Agenda. Please note, the Division may elect to conduct a follow up inspection to verify mining activities are occurring.

Regards

Michael Cunningham  
Acting Division Director

Good morning, Michael and Tim.

Please find attached a map of the Midway Pit showing the current mine area as well as a memo discussing the operations onsite. We can provide approximate tons to be mined by month if needed to demonstrate legitimate mining activities onsite.

Please let us know if you require the additional information and if this agenda item will be removed from the board's agenda.

Thank you for your time and attention to this matter.

Sincerely,

Hi Jodie,

I am in receipt of the letter from Mr. Kirkland withdrawing the request for Temporary Cessation. In order to maintain the status 'Active' status of the Midway Pit, the Division will require a detailed description of the mining operations that are to resume. Please note that any resumption of mining activities must be legitimate in nature considering the scale of the mining operation and advances the mining operation or final reclamation. Upon receipt and review of the additionally requested information, the Division will withdraw the request for Temporary Cessation from the Board's December agenda. Feel free to contact me if you have any questions.

Regards,

Michael Cunningham  
Acting Division Director

Good afternoon, Tim and Michael.

I have been working with Baxter Kirkland on the second TC request for the Midway Pit M1988-018.

Midway Aggregates would like to notify DRMS of the continuation of mining at the site. Please see the attached notice.

Additionally, this site was scheduled for a second TC hearing on December 13th. Midway Aggregates would anticipate that this hearing would no longer be necessary due to the mining activity.

Please let us know if there are any questions or if there will still be a need to attend the meeting on the 13th.

Thank you for your time and attention to this matter.
