**Re: Keenesburg Strip Mine (Permit No. C-1981-028)**  
**Review of 2023 Pond Inspection (Third Quarter)**

Dear Mr. Moline:

The Division received your Pond Inspection Report for the third quarter of 2023, which was certified by you, a Professional Engineer.

I reviewed your report in the context of the Regulations of the Colorado Mined Land Reclamation Board for Coal Mining, in particular Rule 4.05.9(17). The report is in compliance with these regulations. No problems were identified with the two ponds at the Keenesburg Strip Mine, and this is in agreement with Division inspections in 2023.

Sincerely,

Robert D. Zuber, P.E.
