Dear Mr. Courtney,

The Mined Land Reclamation Board issued its Board Order regarding the Notice of Violation No. MV-2023-021 on December 18, 2023. The Board Order directed Martin Marietta Materials, Inc. to complete the following Corrective Actions:

- Submit a Technical Revision or Amendment application to update the approved mining and reclamation plans and maps, as well as the hydrologic evaluation for the site, to address the newly excavated pit area. The Operator shall submit the Technical Revision or Amendment application within 90 days of the effective date of this Order, with all materials in an approvable form within statutory deadlines.
- The unsuspended portion of the civil penalty, \$2,500.00, is due within 30 days of the effective date of this Order. Failure to comply with the deadlines contained in this Order shall result in the suspended portion of the civil penalty, \$16,000.00, becoming due and payable.

The Corrective Actions outlined above were complete by MMM in the following manner:

- TR1 was approved on December 14, 2023, within the statutory deadlines.
- The civil penalty of \$2,500 was received by the Division on December 21, 2023. This action was completed within 30 days of the effective date of the Board Order.

The Division considers the Corrective Actions resolved.
