RE: ADQ #2 M2018030 TR1

DRMS's review of the permit application and the permit finds that in the Rule 6.4.4 discussion Exhibit D Mining Plan and Rule 6.4.5 Reclamation Plan, numerous references are made to the Sun Communities and the River Run Resort.

As your permit application section 5.2 and 5.3 state the end use of the commodity is for "Town Related Projects"; DRMS finds that there is no need to add location specificity to the Mine Plan as to where the commodity shall be used. Removing location specific uses for the commodity is advised.

DRMS: 22 December 2023

1. Please provide updates as revised pages to the following sections of the permit:
 - a. Exhibit D Mining Plan as per Rule 6.4.4
 - b. Exhibit F Reclamation Plan Rule 6.4.5
 - c. Exhibit L Reclamation Cost Estimate
 - d. Any associated maps

Please see the following website:

As the Decision Date is 15 January 2024, please provide the documentation to DRMS so that there is ample time for DRMS to review the submission.

Sincerely,
