**RE: Colorado Parks and Wildlife Comment Letter Clear Spring Ranch Pit; DRMS File No. M-1992-074**

Dear Ms. Ridley,

The City of Colorado Springs, as operator of the Clear Spring Ranch Pit, has read and understands the comment letter provided by Colorado Parks and Wildlife (CPW). Should the situations outlined in the CPW letter be applicable during the operation in the new mining area and warrant consultation with CPW, we will consult with CPW.

Please reach out to me with any additional questions on this matter.

Thank you,

Carlos Wright  
Water & Wastewater Construction & Maintenance Manager
