**Re: Eikermann Pit, Permit # M-2002-108, 2023 Annual Report**

Dear Mr. Stogsdill,

The annual report for this mining operation is 60 days past due because of the Division requesting that some corrections be made to the report submitted on 2 January 2024. Please make the following corrections to the 2023 annual report no later than 27 January 2024.

**Corrections**

1. Question 4, please state that activity has begun. According to past annual reports the last date of activity was 1 November 2019.
2. Question 6, please state that the mine is NOT in temporary cessation. According to Division records, the mining operation is not approved for temporary cessation. If the operation needs to go into temporary cessation status, please file the appropriate application and documentation according to Rule 1.13 and Section 34-32.5-103(11)(b), C.R.S.

At this time, the Division is not seeking enforcement action for this issue. In the future, please submit the annual report, map, and fee for the operation by the anniversary date for the site, the 29<sup>th</sup> of October.

Thank you for your timely response to this issue. Please contact me or the Division with any questions or concerns.
