Rule 5.03.2(5)(d) states:

*An authorized representative shall immediately terminate a notice of violation or cessation order by written notice to the person issued the notice or order or his designated agent when such representative determines that all conditions, practices, or violations listed in the notice or order have been abated...*

The Division terminates a Notice of Violation or Cessation Order when all conditions, practices, or violations have been abated. That is, it is terminated when the **problem** has been rectified and no longer exists. The processes for appeal of the Notice of Violation and the assessment of civil penalty are not affected by the notice of termination.

Therefore, pursuant to Rule 5.03.2(5)(d), this letter serves as a written Notice of Termination for the above-referenced Notice of Violation or Cessation Order.
