Re: Permit No. M-1980-244; Cripple Creek & Victor Gold Mining Company; Cresson Project; Surety Accounting Update SA12 to Technical Revision 115 – Lab Sidewalk Project

Dear Mr. Russell:

Newmont Corporation's Cripple Creek and Victor Gold Mining Company (CC&V) hereby provides the Division of Reclamation, Mining and Safety (DRMS) Surety Accounting Update SA12 to Technical Revision (TR) 115; Lab Sidewalk Project.

Background:

This submittal proposes the installation of a sidewalk from the turnstile entrance to the Lab building and installation of concrete runners for the Fire Assay Lab Lead Bin area. Installation of the sidewalk will make it safer and easier to clear snow in the winter months. Installation of the runners will make it easier to load and unload the Fire Assays Lab Lead Bin. Please see the location map in Attachment 1.

The area for the sidewalks will be 4'x 330' and 4-inches thick. The two runners for the lead bin will be 3'x18' and 6-inches thick.

Stormwater Controls:

Stormwater management for the area will be in accordance with CC&V's Stormwater Management Plan, utilizing best management practices.

Schedule:

Construction will start immediately upon DRMS and Teller County approval.

**Financial Warranty:**

The estimated reclamation cost for the sidewalks and runners is \$1,665.36, as detailed in Attachment 2. This brings the total liability amount to \$208,807,008.98, which CC&V will account for out for the surplus financial warranty. This will bring the surplus financial warranty to \$684,179.02.

Should you require further information, please do not hesitate to contact Johnna Gonzalez at 719-313-0447 or Johnna.Gonzalez@Newmont.com or myself at Katie.Blake@Newmont.com.

Sincerely,

DocuSigned by:

Katie Blake
