**Notice to Interested Persons for the Slick Rock Project**

**Re: Slick Rock, File No. P-2023-018, Notice of Intent to Conduct Prospecting Operations (NOI), Decision to Accept Application over Objections**

Dear Party and/or Interested Person:

On January 24, 2024, the Division of Reclamation, Mining, and Safety (Division) issued its decision to accept the application for the Slick Rock Project, File No. P-2023-018, submitted by Highbury Resources, Inc.

The Division has reviewed all received public comments and objections. All jurisdictional issues raised by the parties have been adequately addressed in the application packet and submitted supplemental information in response to the Division's Notice of Deficiencies. Therefore, it is the Division's determination that the application and its supplemental materials satisfies the requirements of the Colorado Mined Land Reclamation Act, §34-32-101 et seq., C.R.S. (the Act) and the Hard Rock and Metals Mining Rules (the Rules). The Office is mandated to approve an application that meets the minimum requirements under C.R.S 34-32-115(4).

If you require additional information, or have questions or concerns, please feel free to contact me at the Division's Grand Junction Field Office, by phone at 303-866-3567 Ext 8187 or by email at [lucas.west@state.co.us](mailto:lucas.west@state.co.us).

Sincerely,
