Hello -

Tell me if you disagree, but I think there is an error in the ARR form with acreages that you submitted for Bowie #1.

In the lower left corner, last year's value for Phase III release should be 22.69 acres, not 10.38. I think you did not account for the release in 2022 of 12.31 acres.

If I am wrong, please explain it to me.

If you agree with me, please submit another form through ePermitting with a short cover letter explaining that you are revising the form.

Thanks.

Rob
