Elliott,

Attached is a revised page 3 with the correct quarter section shown. Thanks for picking that mistype up. The majority of the property is clearly in the SE ¼ of the NE 1/4 . I spoke with Mike this morning and I think he is going out today to get the picture of the notice.

I have work out of state during the week of the twelfth of February, so if you can get the 10-day notice to us either before or after that week, it would make my life a whole lot easier.

Take care,

Art

Hey Art,

I left you a voicemail regarding these items but I also wanted to send a quick email on Mike Brown's new Wild Cat Claim 110c permit application. The following two items are needed to get the ball rolling on being considered "filed for review". I also discussed these with Mike already and it sounds like he will post the notice at the entrance to the site and will be emailing me a picture of it.

1. Application Page 3, Question 10 - Location Information: The SE Quarter Section box is checked where I believe the NE box should be checked for Section 5. Please revise this and resubmit a replacement Page 3. This can be done via email.
2. A copy of the on-site notice was not included in the permit application packet. Please submit proof that an on-site notice has been posted at the entrance of the site.

Please let me know if you have any questions.
