**RE: Rolling Hills Gravel Pit, File No. M-2023-040, Decision Due Date Extension Request
Approval -1**

Dear Mr. Azcarraga:

On February 1, 2024 the Division of Reclamation Mining and Safety (Division) received your request to extend the decision due date from River City Consultants. Additional time is needed to address adequacy requirements. The Division is approving the extension request. The decision due date for permit application of M-2023-040 has been set for November 29, 2024. Any additional time beyond 365 days may only be granted with Board approval.

Please submit responses to adequacy review #1 as soon as possible in order to allow the Division sufficient time for review. If any adequacy issues remain by the decision due date the Division may deny your request.

If you require additional information, or have questions or concerns, please feel free to contact me.

Sincerely,

Amy Yeldell
Environmental Protection Specialist
