Good morning, Donny.

I just wanted to check in one last time on this agreement. If I don't hear from you by this Friday the 8<sup>th</sup> of December, I will go ahead and have our engineer run a structural analysis for the fence and we will bypass the structure agreement.

Let me know if you have any questions.

Thanks!

Mariah,

I just got an email from Jodi Schrieber with AryCorp (aka Fremont Paving) about a permit amendment they are doing on a parcel in Pueblo County that neighbors ours. As part of the permit amendment process they need to send a notice to all property owners with man-made structures within 200 feet of the boundary -- That includes a fence that's on our property at the location circled below in yellow (NWSW Section 16 21S 61W)

Who is the owner of this fence? Is it us? Lessee?

To whom can we direct Jodi to send the notice?

Thanks,

Ben

Anthony,

I was checking to see if you still worked for CenturyLink. I am working on another gravel site east of Pueblo and CenturyLink I believe has a line on the other side of Highway 50 that is within the 200' distance from the gravel pit boundary. I need to track down the owner of that line and work with them to get a structure agreement in place. Are you the person that can help me with this?

Thanks!

Great!

I think that there is a fiber line that is across highway 50 at our permit site. (I've highlighted the approximate area in purple along Jose Gonzalez's property on the southern border of the site. Can you confirm this? It is along highway 50 east of Pueblo and in between 57<sup>th</sup> and 58<sup>th</sup> Lanes.
