Hi Lonny,

Thank you for sending this in. The work you've done looks great. The Division considers the erosion and topsoil problem citations from the 2023 inspection: **abated**. If you have time today, I'd like to further discuss the mapping issue with you via phone call and discuss your plans for the site now that so much reclamation has been done moving forward.

I should be available between 12:00 and 3:30 today. My cell is 720-836-0967.

Thank you,
