**Cole Gravel Pit, Permit No. M-2004-020, Inspection Problem Abated**

Dear Mr. Azacarraga:

On January 24, 2024 the Division of Reclamation, Mining and Safety (Division) conducted an inspection of the above referenced site. Availability of Records was cited as a problem for submitting the incorrect annual report map for a number of years. Corrective actions required you submit an updated annual report map by the corrective action date.

On March 11, 2024 the Division received an up-to-date site map This satisfies the corrective action and it is considered abated.

If you require additional information, or have questions or concerns, please feel free to contact me.

Sincerely,

**Amy Yeldell**
