RE: Piceance Pit DRMS M-2001-077 Sign

Ms. Yeldell,

As part of WW Clyde's requirement for our DRMS permit, we have updated our sign with the WW Clyde name and correct permit number. Our sign provider, Fastsigns, installed the updated sign on Tuesday, March 19. A photo of the update is on the following page. Please note that I will do a sight visit next week to revise the incorrect spelling of DRMS.

Thank you,

Andy Carpenter
