**RE: Permit No. M-1981-043, North of Douglas Pass, Inspection Problem-Corrective Action Extension Request Approval**

Dear Mr. Klaetsch:

On October 24, 2023 the Colorado Division of Reclamation Mining and Safety (Division) inspected the above mentioned pit. Signs and Markers was cited as an inspection problem. Corrective actions required you to conduct a survey and replace boundary markers. As well as notify the Division if any off-site impacts were observed. This information was originally due on January 8, 2024. On March 27, 2024 the Division received an extension request to allow the Operator more time to conduct field activities given the season and site accessibility. Your extension request is approved. Required corrective action documentation is due by **June 1, 2024**.

If you require additional information, or have questions or concerns, please feel free to contact me.

Sincerely,

**Amy Yeldell**  
Environmental Protection Specialist
